ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

☒ Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

I am an undergraduate student at UNC. I study public policy, with a focus on environmental policy. Studying and advocating for a clean energy future in the Southeast has been the principal objective of my time in college. I have worked as a community organizer in Kentucky against destructive coal mining. I spent time in Raleigh with Bill Holman, former DEPR Secretary, to lobby for NC's renewable energy portfolio bill. I later published an op-ed in the "Charlotte Observer" encouraging State lawmakers to pass the bill, which they ultimately did. I wish to serve on the Sustainability Committee to help promote the transition to a low-carbon, smart-growth community here in Chapel Hill. I have been involved with sustainability efforts on campus and would love to broaden my impact by serving on the Chapel Hill committee. I intend to stay in Chapel Hill after graduating.

I have been a resident of Chapel Hill since July, 1989.
Served on the Landfill Search Committee in the early '90s.
Chamber member since 1990 and a local business owner
since 2001. I find that I have an emerging interest
in sustainability and feel that I could be a strong
contributor on this committee with a specific focus on the
economic impact and implications of sustainability.

While living in Fayetteville, I was a charter member of the board of directors of Sustainable Sandhills, a six-county coalition, in conjunction with Fort Bragg, joined to bring sustainability measures to the towns and counties of the area. I consider myself a strong environmental proponent and try to live a 'green' life.

As a CH native and small business owner in CH, I have a personal interest in the sustainability of the town. As a toxicologist I have a scientific interest that is long-standing in the global climate change issue. I would bring to this committee my scientific expertise in toxicology and scientific interest in the issue of sustainability from a global perspective and from a perspective of a long-time CH resident and native.

I believe that it is every citizen's duty and responsibility to become involved in the governance of his community. I have specifically requested the boards and committees most concerned with issues of development and sustainability because those issues are particularly important to me as a progressive American. Through rational and careful use of technologies such as GIS, combined with traditional tools of soliciting voter input, we can continue to develop Chapel Hill in a way that is both environmentally sustainable and business-friendly. Chapel Hill today is among the most livable towns in America. I am dedicated to working to keep it that way.

I call Chapel Hill "Home" where I am residing with my family my husband and three (3) children 18, 12, 6. My oldest attended FPG (end of 5th Gr.), Culbrette, and Chapel Hill High; both my second (Mary Scaggs, now Culbrette) and third (now MSES) I am the current President of the PTA at Scaggs. I wish to serve on these committees as a Minority Citizen because not only I love Chapel Hill but also to promote ethnic groups in Chapel Hill. I am interested in contributing at the fulfillment of the mission of the Justice in Action Committee and the Sustainability Committee.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

X Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.) Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who

violates this provision may be subject to removal from the board or commission.

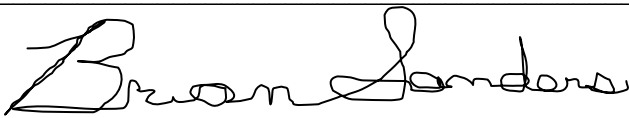

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

I have interest in how we can all live our modern lifestyles with minimum impact on our local environment and the planet as a whole. I just completed my MBA at UNC where I took several classes on sustainability. I co-authored a paper on Rain Water Run-Off in one class that opened my eyes to just how big a challenge we face in trying to keep our water ways clean. The paper's focus was intentional because I believe we all need to learn more on how to protect our world while at the same time living our lives. I believe we can find ways to live in a thriving modern society while still caring for our environment. I believe there is a lot that can be done to educate people on relatively simple things they can do to help protect Chapel Hill's environment.

I also believe sustainability is a mixture of the environmental as well as economical and societal aspects of how we live. If you do not get the balance correct than it's very hard to get broad support for sustainability.

Joy E. Steinberg
Application – Chapel Hill Sustainability Committee
Jan. 13, 2009

Based on my personal and professional commitment to sustainability, and as citizen of Chapel Hill, I feel it is important to contribute to the community and have a voice regarding important issues.

My employer, Burt's Bees, has recently released our first Social and Environmental Progress Report outlining our mission, values and goals for environmental and corporate social responsibility (provided separately). As a Global Marketing Brand Manager, these values are incorporated daily into my professional objectives. Other relevant activities include:

- Actively involved in corporate volunteer sustainability team, EcoBees
 - Employee Engagement committee member
 - Energy Reduction committee member
- Received 2008 Roxanne Quimby Humanitarian Award for contributions within the company and larger community
- Member of University United Methodist Church
 - Stewardship of Creation Covenant (description attached)
- Former member of White Memorial Presbyterian Church, Raleigh
 - Sustainability Committee member

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Joy E. Steinberg". The signature is fluid and cursive, with the first name "Joy" being more prominent.

By signing the Stewardship of Creation Covenant, you have joined with a group of the UUMC family to become better stewards of the earth. By practicing the actions listed in the Covenant, each of us can make a difference as a good steward and as an example to others.

It is, and has been, the goal of the EDEN CARE Group to make changes for good – one step, one person, one church at a time. Almost 200 of us have pledged to walk a green path at UUMC, and to try to make a difference in our church family and in our community.

We look forward to some fun and exciting activities over the next six months and will be in touch in January. In the meantime, if you have questions, need encouragement, or want to share successes, please contact a member of the EDEN CARE Group.

Upon college graduation, I heard a speech from my academic department commencement titled: "Service, the momentum of human happiness". From that moment on, I vowed to always dedicate myself in some way to be of service to other individuals. The speech gave me a very sincere desire to help ~~other~~ others knowing that, this same type of assistance is already given or will be ~~to~~ given to me at some point in my life. Having experienced family involvement in several public housing communities, I understand the issues and problems that arise for both tenants and officials due to lack of communication, poor planning, conflicts of interest and several other curable reasons. I would like to serve on this committee to make sure that the policies and recommendations put forth by the town of Chapel Hill are in the best interest of all parties involved and the integrity of the public housing program remains salient and appropriate.

I am very interested in serving on the Sustainability Committee. I received a Masters degree in Ecology from UNC and have experience researching and writing on issues of social ecology / environmental justice. As a citizen, I have been involved in the Orange County Democratic Party as Secretary of the county party and serving as Chair and Vice Chair of three precincts in which I lived. I currently live in Northside neighborhood and am very interested in the community concerns surrounding the Greenbridge development. Furthermore, as a manager of an independent coffee shop, I am greatly interested in the local small business community with a focus on local food and sustainable practices.

I would like to serve in Council Advisory Boards and Commissions as I have been living and working in Chapel Hill, a town where my family enjoys being for more than 6 years now.

1-With a Ph.D. in biology, and working in the School of Medicine at UNC-Chapel Hill, I choose to serve in the Sustainability Committee as I would like to actively participate in the future challenges of our time on how to conciliate the protection of our environment with a competitive economy.

2-The idea of working on the development of the town at a global scale with the conservation and protection of the natural setting of Chapel Hill is a challenge that I would like to be part off by serving the Planning Board.

3-I am also interested in serving the Personnel Appeals Committee as I have always been interested in solving conflicts between people which is part of my job in regular base in my laboratory.
