President's Message

Presidents' Message

Happy New Year! May the New Year bring peace, prosperity and happiness to you and family, and we pray God to help fulfill whatever resolutions you may have for this year. Let us also pray Lord Ganesha and seek his blessings to help overcome all *vighnas* and guide us to do our *karmas* on a path of another successful year.

How exciting that HSNC is in its 41st year! We are thankful to our founders, members, priests, volunteers, donors, trustees, staff and administrative boards for their dedicated service over the years which have helped HSNC fulfill community needs and watch it grow, flourish and mature. While we are continuously striving to enhance the religious, cultural, educational and spiritual experiences of our community at HSNC, we also need to focus on enhancing our administrative governance, policies and procedures for the overall wellbeing of HSNC for longevity and future generations.

Our Goals:

The big imperative this year will be to put **HSNC FIRST**. We will be dedicating ourselves to ensure that everything we do to meet the mission of HSNC is done while ensuring HSNC is in the front and center.

Of course we all are eagerly anticipating completion of Learning Center construction and making it operational. Can't wait to celebrate!!! We will also be kicking off the strategic Campus Development Plan. We plan to strengthen the administrative governance with

consistent policies with regularity, financial accountability and transparency, operational efficiency and improved communication. We will work to amend the constitution for better governance with checks and balances.

We will promote diversity and inclusiveness while providing a platform to serve the religious, spiritual, arts and cultural, educational and traditional needs of society for all members- children, youth and seniors - and community of affiliated organizations.

For better quality and service to members and community, this year we are instituting weekly operational meetings with staff and fortnight BoD meetings with distributed/ shared leadership responsibilities and accountability approach. We are providing charters and guidance to different committees to align their goals for 2017 with overall objectives and are empowering the committees while keeping them accountable. We are meeting with committees to synchronize the mission and message.

To help with these goals, Our Team:

I welcome the new and continuing directors who are dedicated to selflessly serve the community. Following the election, I Girish Amin, Manisha Patel and Atul Bhalodia were elected as the Board of Directors for 2017 and 2018. Along with the existing directors Dr. Sunil Jain, Shashi Malik, Prasad Satghare and Gaurang Shah, the Board of Director team is very dynamic, methodical, process oriented, focused and operationally experienced. I personally thank them for their faith in me and am humbled to lead the team as HSNC President. I am excited to have Dr. Sunil Jain as our next Vice

President's Message (continued from 1st page)

President. Our extended team includes Aman Gupta as Secretary and continuing members from the 2016 team- Gopu Seshadri as Treasurer and Amitabh Misro as Assistant Secretary. We took the Oath of service in the temple on the morning of January 1, 2017 that was administered by Dr. GD Sharma and Dr. Mansukh Wani. We are privileged to have Mr. Sajjan Agarwal as advisor to the board. We will be successful as we adopt the philosophy of "WE" over "ME" or "I" and share the CAUSE as well as CREDIT generously.

I welcome Anu Sud as returning elected Trustee to the Board of Trustee. I am grateful to Madhulavi Majumder, Aman Gupta, Randhir Malik, Parag Dighe and Upmanyu Shukla for their willingness to serve HSNC. I appreciate their service to community and implore all of them to continue to find ways to serve HSNC and community by working with and supporting the current team.

Let me thank the outgoing 2016 president Manoj Pandya and BoD Sudha Rathie for their enthusiastic and dedicated service to HSNC. I am thankful to Manoj Pandya for his timely assistance and guidance during the transition. I appreciate that our outgoing secretary Dr. Amar Singh led the transition between the two boards and for his involvement in several committees during 2016. **Thank you** to all of the 2016 committee chairs and members, volunteers and donors who served HSNC. Consistent and well functioning of HSNC greatly relies on the services of active committees and its *karyakar/sevak*/volunteer members.

We need You to Get Involved:

HSNC is a volunteer based organization and volunteers are one of the greatest strength and

biggest asset of HSNC. So, what HSNC needs from **All of You** is to get involved by volunteering and participating in the programs and utilize the facilities, resources and services offered by HSNC. It is a noble thing to do to get connected to HSNC and help make a difference. There are several committees that support functioning of HSNC. 2017 board has announced formation of 2017 committees including several new committees such as technology/ Infrastructure, Campus Development, and Community Volunteering. All committees are listed in this Newsletter as well as on the web page www.hsnconline.org. We sincerely appeal you to sign up to volunteer *seva* based on your time, interest, experience and skills to help HSNC or get in touch with BoD liaison or Committee Chairs. You can also help by asking your friends and neighbors to get associated with HSNC and Join HSNC. Become a member to stay connected with our values, culture, traditions and religion.

By getting involved, the Triangle Hindu community was represented well in swearing-in inauguration ceremony of Honorable Governor Roy Cooper - Madhu Sharma Vedak was invited to offer prayer/ blessings at Interfaith Prayer service. Dr. GD Sharma and Mrs. Saroj Sharma were present for swearing-in of Jay Chaudhuri as state senator, district 16 at the Morrisville City Council Town hall. Thank you for representing HSNC at these events.

We look forward to have you as part of HSNC and actively involved. Please do get back to us with your suggestions and feedback.

Girish Amin
President@hsnconline.org

HSNC Community Involvement - Proud moments in NC

Jay Chaudhury, a long time HSNC affiliate was sworn in as NC Senator by mayor of Morrisville at Morrisville Town hall, on January 10, 2017. Jay is first Hindu American elected as NC Senator. Jay Chaudhuri took the oath with his hand on a copy of the Bhagavad Gita. He's setting a great example for the youth of our community.

Madhu Sharma, a past HSNC board member, offered Hindu prayers/blessings at NC Governor Roy Cooper's inauguration, during the Interfaith Prayer Service as a part of the Inauguration festivities. Following are links to some related news articles.

Spiritual Corner - The Law of Karma (Cause and Effect) By: Ram Chandran

The Doctrine of Karma rationalizes the role of the Jiva during the transition between the lives. The law of Karma rationalizes the purpose of the movement. Rebirth is dependent on moral behavior in a previous phase of existence and life on the universe is transient. In the Upanishads, it is no longer a question of rewards and punishments meted out by an external judge. The human beings become the architect of their own spiritual fortunes, no longer subject to chance or the will of an hypothetical God. The Brihadaranyaka Upanishad states that the actions of the human beings decide the outcome. The doer of good becomes good, the doer of evil becomes evil. One becomes virtuous by virtuous action and sinful by sinful action. As is his desire so is his will, as his will so is the deed, he does, and whatever deed he does, that he will reap. Ultimately, being Brahman, he goes to Brahman! The law of karma explains the entire phenomenon of life on the basic principle of cause and effect. The law of karma says that we are not only a product of the past but we are also the producers of the future. With reference to our past actions we are a product. However, we are solely responsible for producing our future. We are product and producer at the same time. When we pay our attention to our past, we believe that we became the hero, victim or a slave. But when we shift our attention to the future we become the architect, the artist and the master.

When we look back, we become a pessimist and if we look ahead, we can become an optimist. As a pessimist we see only the difficulty in every opportunity. As an optimist we are able to visualize the opportunity in every difficulty. We can apply the law of Karma to transform our negative attitude into positive attitude using the correct framework. We may be able to appreciate that our present difficulties are the creation of our past unintelligent actions. It is up to us to realize our potentials by seeking the opportunity to create a better future. The law makes us to be aware that we are the masters of our own destiny. This quotation of Mahatma Gandhi summarizes the cause and effects beautifully in simple words: *"Our beliefs become our thoughts; Our thoughts become our words; Our words become our actions; Our actions become our habits; Our habits become our values and Our values become our destiny."*

As it is, we are bound by our own past. At the same time we are free to act as we will. Freedom and bondage seem to coexist in all of us. We are like the driver of a train. We can drive the train to wherever we please (free-will) but our movement is restricted by the tracks (destiny) laid down already. Both free-will and destiny play important roles in every action. Free-will is an independent act and destiny will depend on our past acts. The independent element is the Purushartha or self-effort. The dependent element is the Prarabdha or destiny. We are free to choose our action but every action is also subject to the influence of self-effort and destiny. We should recognize that the consequence of our action depends both on the self-effort and our destiny. Our destiny or fate is the result of our past actions. Our Prarabdha is the sum total of our past Purusharthas. If our self-efforts in the past have all been positive, our present destiny will be positive. If they have been negative, our destiny will be negative. Our destiny is proportional to our self-efforts.

Destiny is comparable to the bank balance. Savings in the past will result in positive balance. Positive balances produce returns (interest) and enable us to accumulate our balances. Borrowers will have negative bank balances whereas savers will have positive bank balances. Our earning capacity is independent of the bank balance and we always have the option of changing the bank balances from negative to positive or vice-versa. The accounting principle used to manage our finances is equally applicable in managing our karma which is reflected through the law of karma. If we use Purushartha (self-effort) to our advantage we rise and if we abuse it, we fall. The law is infallible. It is important to know that our effort creates our destiny. We fail to recognize that God is witness of how we behave including our successes and failures. God is only the substratum of all activities. God has nothing to do with the mode of activity. God helps those who help themselves.

When we put in effort, we get what we fully deserve. But without efforts, without deserving we will never get what we want. There is a saying "First deserve and then desire." Vedanta says, "Deserve and do not desire." If we really deserve, objects reach us of their own accord. There is no escape from the outcome of our past deeds – good and bad deeds produce good and bad outcomes. Once we entertain negative thoughts we will likely have negative outcomes and similarly positive thoughts and words will produce positive outcomes. It never happens that we richly deserve something and we are denied. This is a misconception. If we fail to achieve our objective remember that we do not deserve it. It only confirms that something has gone wrong with our effort. We do need to recognize the fact that "Karma will follow us whether we accept it or reject it and that is the Law!"

Note: Feel free to contact me at ramvchandran@yahoo.com if you have questions.

December 2016 P&L Statement (unaudited)

Dec. 2016 Receipts		Dec. 2016 Expenses
