About Infobits

TL Infobits is an electronic service of the University of North Carolina at Chapel Hill ITS Teaching and Learning division. Each month the ITS-TL's Academic Outreach Consultant monitors and selects from a number of information and instructional technology sources that come to her attention and provides brief notes for electronic dissemination to educators. *TL Infobits* issues are available as email or on the Web. Subscriptions are free.

Infobits began publication in 1993 by the UNC-Chapel Hill Institute for Academic Technology (IAT) and was titled *IAT Infobits*. With the July 1998 issue, the title changed to *CIT Infobits*, reflecting the change in sponsorship from the IAT to the UNC-Chapel Hill Center for Instructional Technology (CIT). In 2006, the title was changed to *TL Infobits* to reflect its sponsorship by the UNC-Chapel Hill ITS Teaching and Learning division.

Web and email addresses in *TL Infobits* articles are verified at the time of publication. However, some URLs in older issues may have been changed or deleted. When notified, we do update URLs in back issues. For copies of issues as they were originally distributed see the [plain text version](#).
